NUMBER 10

## ROY TO HAVE NEW MODERN HOTEL.

Work already started.

Dr. Self one of Roy's enterprising business men has made all necessary plans to erect a modern hotel on the lots where the Southwestern burned to the ground a few years ago.

The building will be made of rock and concrete and will be stucco finish. It will be a two-story building with a basement 20 by 35 for heating plant and storage room.

The first floor will be arranged with Dining Room, Office and kitchen and also some sleeping rooms. The upper story will be devoted entirely to sleeping rooms.

We understand the New Hotel will have 25 bed rooms beside the kitchen, dining room, office, parlor etc. The building now being erected is 35 by 65 feet and is being built so that an addition can easily be added without marring the effects of the original building.

Work on the construction has already started and the basement and foundation will be completed within a week or so.

Dr. Self is to be complimented on the undertaking which he has started, for it will fill one of Roy's urgent needs.

C. R. Wane of Fort Dodge Iowa, is visiting friends in and near Roy this week. Mr. Wane is a son of W. S. Wane one of the older settlers of the mesa who used to live out in the Rev. Russell neighborhood. The Elder Wane died at Tucuman in 1914 and his son C. R. now owns the land formerly owned by his father. We are informed that Mr. Wane is figuring very seriously of moving to Roy and opening a business here.

Editor Sylvan Floersheim and wife of the Springer Times visit other relatives in Roy the first of the week.

## S. H. JENKINS DEAD.

Mrs. Dr. Plumlee received a letter from Mrs. S. H. Jenkins of Fort Smith, Ark. last week in which she gives the sad news that Mr. Jenkins died at that place last November 15th. Mr. Jenkins had been sick for 4 months suffering with stomach trouble and high blood pressure.

Mr. Jenkins was well known in Roy having lived here for a number of years and was our local barber for a long time and sold out to Mr. Kilmurray and later moved to Fort Smith for his wife's health.

We were unable to get further details regarding his death other than above stated.

Mrs. Jenkins and the children have the sympathy of the entire Roy community in their sad bereavement.

The Mills School moved into their new school building last Monday. The new building is a modern three room building, but yet too small to meet the growing demands of the Mills District.

Born to Mr. and Mrs. Earl Case of near Mills; a fine baby boy. Dr. Moon reports all are doing nicely.

E. C. Smith for several years Cashier of the Citizen's State Bank at Mills, resigned his position with the bank last Saturday and has accepted the position of Special Deputy Bank Examiner and will take charge of straightening out the affairs of the bank at Greenville, N. M. which was forced to close its doors on account of the heavy withdrawals a couple of weeks ago. Mr. Smith is well fitted for the task he has undertaken and we are sure he will straighten out the bank and have it opened for business within a few months.

## POSTOFFICE INSPECTOR O. M. HOOD IN WRECK.

Post Office Inspector O. M. Hood, well known at Roy but now of Trinidad Colorado, escaped death Monday night by jumping thru the window of a moving train. The Pullman in which he was sleeping caught fire and was a solid blaze when he awoke in time to jump from the train to save his life. Mr. Hood lost all his postoffice records and personal effects that he had with him. Five other persons a sleep in the car were brought to a stop, and Mr. Hood and the porter were the only ones to escape death that were in the car.

The tragedy occurred near Alamosa Colorado, a little after midnight Monday night on the Denver and Rio Grande train that had left Denver earlier in the evening. It is not known how the car caught fire; The bodies of the five persons burned to death were burned practically to ashes and none are recognizable.

Mrs. J. Floersheim is quite sick at her home in the east part of town. Everything possible is being done for her to relieve her suffering, but the efforts seem to be in vain. As soon as she is able Mr. Floersheim intends to take her to California with the hopes that the change in climate and the seashore will do her good.

This office received another job press last Tuesday which they purchased from the Springer Times some months ago. The press is much smaller than the jobber we have on hand and now with two presses, our intertype and rotary press and other equipment we believe we have one of the best outfits of any town the size of Roy in New Mexico. We also intend to put in a large rotary press and jobber at Mosquero the New County Seat within the next few months to take care of the paper we will establish at that place.

## BODY OF ARTURA MONTOYA ARRIVES IN U.S. FROM FRANCE.

Jose Maria Montoya received a telegram that the body of his son Artura who was killed in France while fighting for his Country on Nov. 10th, 1918, the day before the Armistice was signed would arrive at Hoboken N. J. March 18th (Friday). The body will be transferred immediately and shipped to Roy where it will be laid to rest in the Roy Cemetery. The funeral will be in charge of the American Legion and will be conducted by the Roy Post but probably the fore part of the week.

Artura was the only Roy Boy killed while fighting in France, altho Elmer Cole was accidentally killed while in camp in France.

## AMERICAN LEGION AT MILLS.

The dance given by the American Legion boys at Mills last Saturday night proved to be a decided success and those who were present report an exceptionally good time.

The Adello building on the hill was used and with the counters moved against the wall and the floor waxed it served the purpose excellently. It easily accommodated the number present although the attendance was much greater than had been anticipated which was quite gratifying to the Legion members. The Citizens of Mills as well as the ex-servicemen gave their whole hearted support to the entertainment and a great deal of the credit for its success is due them.

After dancing for some time to the music furnished by Mrs. E. J. Floersheim, Miss Nix and Mr. Mel Floersheim, a talk was made by Post Commander Holmes relative to the aims and organization of the Legion. Mr. Holmes remarks were clear and to the point and were very interesting in that they explained in everyday language the plans and purposes of the Legion.

The Roy Post desires to express their appreciation to Mills for their assistance and particularly to Mrs. Harper for the use of the piano and to Mr. Adello for the building and to thank those who so kindly donated their services furnishing

Dr. Bills a well known resident of Raton and a pioneer practicing physician of north east New Mexico died at Raton last week. Dr. Bills was well known in Roy and was an ardent fraternity worker in the Odd-Fellow and Masonic Lodges. Dr. Bills homesteaded near Abbott and every one who has travelled the road to Springer knows his little boarded in well near that place. The body was laid to rest in the Raton Cemetery.

## BASE BALL MEETING

A Base Ball meeting was held in the S. A. Office Monday evening and all preparations made for a winning team for this summer.

S. E. Paxton was elected Manager for 1921 and E. A. Flavell Secretary Assistant Manager. Milton Floersheim was elected Treasurer and chairman of the Finance Committee which is composed of the Treasurer, A. N. Hanson and R. P. Shaya.

The matter of electing a Captain for this year was left to the boys on the team and they will proceed to name their captain after a few evenings of practice.

The selection of a new diamond for this year was thrully discussed, but it was decided to use the old one if the streets could be levelled near the diamond so it would not interfere with the players. This matter was left to the manager and Assistant Manager.

It was also decided to build a new grand stand at once as the old one is getting rather rickety. The price of admission for 1921 games was fixed at 25 cents for each gentlemen, ladies free.

It was also decided to purchase 12 new suits for the boys and different methods of purchasing the suits were discussed and it was finally decided to see the business men of Roy and see if each business house would not purchase one suit.

Quite a number of other matters were brought up and discussed, but left open for future consideration. The next meeting will be held Monday evening at the Spanish American Office, everybody come.

W. H. McCarger left for Tulsa Oklahoma and other eastern points Thursday, where he will be gone for several days in the interest of his Real-Estate business. W. H. expects to bring a number of land buyers back with him.
